Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to limited-English-proficient students. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

ILLINOIS MEASURE OF ANNUAL GROWTH IN ENGLISH (IMAGE)

Students enrolled in state-approved transitional bilingual programs for less than three years take IMAGE if they are unable to take ISAT/PSAE due to their lack of proficiency in English. The table below presents IMAGE results for these students. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 --Academic Warning - Students work demonstrates limited knowledge and skills in the subject. Due to major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 --Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 --Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Student creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 55.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 55.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 55.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 72% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2006.

** Safe Harbor Targets of 55.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

An analysis of the 2007 Illinois School Report Card as compared to the 2006 Illinois School Report Card for Lincoln School in Maywood, Illinois revealed, overall, continued school improvement. In fact, this was the fourth year that Adequate Yearly Progress (AYP) was met. In Grades 3 through 8 there were gains in reading. The number of students in Grade 3 who either met or exceeded standards increased by 15% (47% to 62%). In Grade 4 they remained the same at 46%. In Grade 5 there was a 16% gain (40% to 56%). The 6th grade had a small decline of 5% from (61% - 56%). Grade 7 showed a 13% increase from 39% to 52% and 8th grade increased by 21% from 50% to 71% comparing the 2006 Illinois School Report Card to that of the same in 2007.

Scores in mathematics had an overall gain of 16% for students in Grades 3 through 8 from the 2006 to the 2007 Illinois School Report Card. Grades 3 and 4 had a slight decline of 5% with 3rd grade going from 84% to 79% and 4th grade from 77% to 72%. Grade 5 showed a slight increase of 1% from 63% to 64%. Grade 6 declined by 8% from 80% to 72%. Grade 7 increased by 16% from 60% to 76% and 8th grade increased by 17% from 50% to 67%.

The results of the Grade 4 science ISAT showed a slight decrease in improvement. Students' scores decreased by 5% (from 54 to 49%) on the 2007 Illinois School Report Card. Grade 7 students increased their scores by 6% (from 54% to 60%).

Specifically, we will continue to improve the education of all our students by:

- Refining our balanced literacy approach in both reading and writing
- Providing professional development for the K-3 teachers through the Reading First Academy course
- Continuing to use leveled readers in Grades K-6
- Continuing with the "Bag-it" book program for Grades K-3
- Continue using the "Bag-it" book program for Grades 4-6.
- Employing literacy coaches to in-service and resource the teachers
- Have our Title I teacher work closely with those students that need additional assistance in reading and mathematics
- Continuing to equip each classroom with age appropriate books and furniture for independent reading
- Using assessments to drive instruction
- Monitoring the Read About Program and utilize the assessments from this program.
- Training teachers in the Creating Independence Through Student-owned Strategies (CRISS) program
- Continuing with the Pearson Math Series, i.e. Scott Foresman and Prentice Hall
- Involving parents in workshops and family reading night
- Continuing with the Peer Mediation program• Continuing with "first Tuesdays of the month" when students have a half-day off of school and the staff spends the afternoon involved in staff development

The Lincoln School family is intent on building a professional learning community where we work together in order that each individual is able to reach his or her highest goal. Our academic focus will continue to be in the core subjects of reading, mathematics, and science.
