September 20, 2017

Dear Parents and Guardians,

In an effort to maintain open communication I wanted to inform you of an event that occurred at school late Wednesday afternoon. A few students were taken by an ambulance after ingesting an unknown substance that they apparently got from another student. As soon as we learned about the incident we contacted medical professionals and the students were taken to the hospital and checked out as a precaution. Fortunately as of this communication these students appear to be fine. We also contacted law enforcement and they are investigating the incident.

Please be assured that the safety of our students and staff is of utmost priority at Garfield School and we will be cooperating with law enforcement in the investigation.

I would like to ask for your help in speaking with your child about not taking anything they are unfamiliar with. Please do not hesitate to contact me should you have any questions.

Sincerely,

Ms. Marsha Alexander  
Principal
