

ILLINOIS VISION 2020

The unifying purpose shared across zip codes and political party lines in Illinois is the overwhelming belief that public education plays a defining role in ensuring equal opportunity. It is our collective duty to do all we can to guarantee every student, no matter his or her demographic or geographic identity, has equal access to a quality education.

As public educators, we believe public education works. We reject the premise that education in Illinois has failed but recognize its impact has not been equitably delivered to all student populations and that there are opportunities for continuous improvement. Now is the time to act. Our vision forward is clear.

We believe the key to continuous improvement in public education relies on the wisdom and innovation of public educators who work with students every day. This is a continuous process.

Through the Vision 20/20 process, four areas for prioritization emerged: highly effective educators, 21st century learning, shared accountability, and equitable and adequate funding.

Highly Effective Educators

The quality of teachers and school leaders is the greatest predictor of student achievement schools can influence. By attracting, developing, and retaining our state's best educators, we can have a profound impact on student learning.

21st Century Learning

For success in life, students need more than knowledge of math and reading. It is time to expand the definition of student learning, commit to the development of the "whole child," and invest in policies proven to link all schools to 21st century learning tools.

Shared Accountability

A quality education for all Illinois students cannot be ensured without the collaboration, compromise, and hard work of both educators and legislators. With that in mind, it is necessary to expand educator responsibility in the legislative process, create a shared accountability model, and restructure mandates to allow more local district flexibility.

Equitable and Adequate Funding

All students in Illinois are entitled to a quality education. It is our duty to ensure our students have access to all necessary resources by improving equity in the funding model, appropriating adequate dollars for education, and allowing local school districts the autonomy needed to increase efficiency.

Vision 20/20 shapes a vision for public education in Illinois to guide educators, legislators, labor, businesses, parents, and community members as we work together toward the common goal of fulfilling the promise of public education in Illinois.
