INSTRUCTIONS/REQUIREMENTS: For School Districts/Joint Agreements

All School Districts/Joint Agreements must complete this form (Note: joint agreement supplementary/statistical schedules may not be applicable)

This form complies with Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing).

23, Illinois Administrative Code 100, Subtitle A, Chapter I, Subchapter C (Part 100)

- 1. Round all amounts to the nearest dollar. Do not enter cents. (Exception: 9 Month ADA on page 27, line 78)
- 2. Any errors left unresolved by the Audit Checklist/Balancing Schedule must be explained in the itemization page.
- 3. Before submitting AFR be sure to break all links in AFR before submitting to ISBE. If links are not broken, amounts entered have changed when opening the AFR.
- 4. Submit AFR Electronically
 - The Annual Financial Reports (AFR) must be submitted directly through the Attachment Manager to the AFR Group by the Auditor (not from the school district) on before November 15 with the exception of Extension Approvals (Please see AFR Instructions for complete submission procedures). Note: CD/Disk no longer accepted.
 Attachment Manager Link

Attachment Manager Lin

 AFR supporting documentation must be embedded as Microsoft Word (.doc), Word Perfect (*.wpd) or Adobe (*.pdf) and inserted within tab "Opinions & Notes". These documents include: The Audit, Management letter, Opinion letters, Compliance letters, Financial notes etc.... For embedding instructions see "Opinions & Notes" tab of this form.

Note: In Windows 7 and above, files can be saved in Adobe Acrobat (*.pdf) and embedded even if you do not have the software. If you have problems embedding the files you may attach them as separate (.docx) in the Attachment Manager and ISBE will embedded them for you.

5. Submit Paper Copy of AFR with Signatures

- a) The auditor must send three paper copies of the AFR form (cover through page 8 at minimum) to the School District with the auditor signature.
- Note: School Districts and Regional Superintendents may prefer a complete paper copy in lieu of an electronic file. Please comply with their requests as neccessary. b) Upon receipt, the School District retains one copy for their records, signs, and forwards the remaining two copies to the Regional Superintendent's office no later than October 15. annually.
- c) Upon receipt, the Regional Superintendent's office retains one copy for their records, signs, and forwards the remaining paper copy to ISBE no later than November 15, annually.
 - If the 15th falls on a Saturday, the due date is the Friday before. If the 15th falls on a Sunday, the due date is the Monday after.
 - Yellow Book, CPE, and Peer Review requirements must be met if the Auditor issues an opinion stating "Governmental Auditing Standards" were utilized.
 <u>Federal Single Audit 2 CFR 200.500</u>
- 6. <u>Requesting an Extension of Time</u> must be submitted in writing via email or letter to the Regional Office of Education (at the descretion of the ROE). Approval may be provided up to and no later than December 15 annually. After December 15, audits are considered late and out of compliance per Illinois School Code.

7. Qualifications of Auditing Firm

- School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the
 corresponding acceptance letter from the approved peer review program, for the current peer review period.
- A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

INSTRUCTIONS: If your review and testing of State, Local, and Federal Programs revealed any of the following statements to be true, then check the box on the left and attach the appropriate findings/comments.

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3105, 3110, 3500, 3510, 3120, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY2019, identify those late payments recorded as Intergovermental Receivables, Other Recievables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments

Date 12/30/2019

25. For the listed mandated categorical (Revenue Code (3110, 3500, 3510, 3100, 3105) that were vouchered prior to June 30th, but not released until after year end as reported in ISBE FRIS system, enter the amounts that were accrued in the chart below.

PART E - QUALIFICATIONS OF AUDITING FIRM

- School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program for the current peer review.
- A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

Comments Applicable to the Auditor's Questionnaire:

#14 above - The fiscal year 2018 AFR was submitted late as a result of the issues with the THIS allocation report issues by CMS. The THIS allocation report was reissued in late November. This issue impacted substantially all school districts in Illinois.

Miller, Cooper & Co., Ltd. Name of Audit Firm (print)

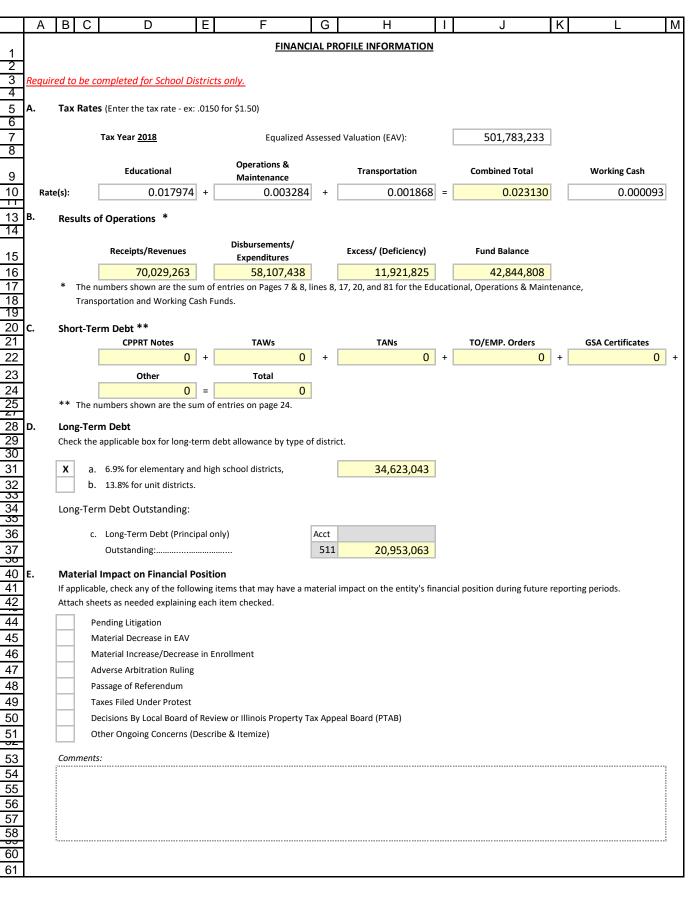

The undersigned affirms that this audit was conducted by a qualified auditing firm and in accordance with the applicable standards [23 Illinois Administrative Code Part 100] and the scope of the audit conformed to the requirements of subsection (a) or (b) of 23 Illinois Administrative Code Part 100 Section 110, as applicable.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Instructions:

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The greatest amount allowed in the indirect cost calculation is \$25,000 for each contract. The contracts should be only for purchase services and not for salary contracts.

1. In column (A) enter the name of the Fund-Function-Object of the account_where the payment was made on each contract in the current year.

2. In column (B) enter the number of the Fund-Functon-Object (use this format [00-0000-000]) of the account where the payment was made on each contract for the current year. Use only the functions listed on page 30. Only enter contracts that were paid in the functions listed on the indirect cost calculation, page 30.

3. In Column (C) enter the name of the Company that is listed on the contract.

4. In column (D) enter the total amount paid in the AFR for the contract. The amount must be less than or equal to the amount reported in the AFR's "Expenditures 15-22" tab.

5. Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

6. The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calcualation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (page 30) for Program Year 2021.

7. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this form, they are excluded from the Indirect Cost Rate calucation.

2	Instructions: If the Annual Financial Report (AFR) reduction plan" in the annual budget and submit FY2020 annual budget to be amended to include a	the plan to Illinois State E	Board of Education (ISBE											
3	The "deficit reduction plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 20. A plan is required when the operating funds listed below result in direct revenues (cell F6) being less than direct expenditures (cell f7) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f9). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.													
4	 If the FY2020 school district budget already requires a deficit reduction plan, and one was submitted, an updated (amended) budget is not required. If the Annual Financial Report requires a deficit reducton plan even though the FY2020 budget does not, a completed deficit reduction plan is still required.

SINGLE AUDIT INFORMATION CHECKLIST

The following checklist is OPTIONAL; it is not a required form for completion of Single Audit information. The purpose of the checklist is to assist in determining if appropriate information has been correctly completed within the Annual Financial Report (AFR). This is not a complete listing of all Single Audit requirements, but highlights some of the more common errors found during ISBE reviews.

GENERAL INFORMATION

	1.	Signed and dated copies of audit opinion letters have been included with audit package submitted to ISBE.
	2.	All opinion letters use the most current audit language and formatting as mandated in SAS 115/SAS 117 and other pronouncements.
	3.	<u>ALL</u> Single Audit forms within the AFR Excel workbook have been completed, where appropriate. - For those forms that are not applicable, "N/A" or similar language has been indicated.
	4.	ALL Federal revenues reported in FRIS Report 0053 (Summary of Payments) are accounted for in the Schedule of Expenditures of Federal Awards (SEFA).
	5.	Federal revenues reported on the AFR reconcile to Federal revenues reported on the SEFA. - Verify or reconcile on reconciliation worksheet.
	6.	The total value of non-cash COMMODITIES has been included within the AFR on the INDIRECT COSTS page (ICR Computation 29) on Line 11. It <u>should not</u> be included in the Statement of Revenues Received (REVENUES 9-14) within the AFR Accounts 4210 - 4299. Those accounts are specific cash programs, not non-cash assistance such as COMMODITIES .
	7.	Complete audit package (Data Collection Form, audit reports, etc.) has been submitted electronically to the Federal Audit Clearinghouse https://harvester.census.gov/facweb/Default.aspx
SCHED	DUL	E OF EXPENDITURES OF FEDERAL AWARDS
	8.	All prior year's projects are included and reconciled to final FRIS report amounts. - Including receipt/revenue and expenditure/disbursement amounts.
	9.	All current year's projects are included and reconciled to most recent FRIS report filed. - Including receipt/revenue and expenditure/disbursement amounts.
	10.	Differences in reported spending amounts on the SEFA and the final FRIS reports should be detailed and/or documented in a finding, - discrepancies should be reported as Questioned Costs.
	11.	The total amount provided to subrecipients from each Federal program is included.
	12.	Prior-year and Current-year Child Nutrition Programs (CNP) are included on the SEFA (with prior-year program showing total cash received): Project year runs from October 1 to September 30, so projects will cross fiscal year; This means that audited year revenues will include funds from both the prior year and current year projects.
	13.	Each CNP project should be reported on a separate line (one line per project year per program).
	14.	Total CNP Revenue amounts are consistent with grant amounts awarded by ISBE for each program by project year.
	15.	Total CNP Expenditure amounts are consistent with grant amounts awarded by ISBE for each program by project year.
	16.	Exceptions should result in a finding with Questioned Costs.
	17.	The total value of non-cash COMMODITIES has been reported on the SEFA (CFDA 10.555).
		 The value is determined from the following, with each item on a separate line: * Non-Cash Commodities: Monthly Commodities Bulletin for April (From the Illinois Commodities System accessed through ISBE web site) Total commodities = A PAL Allocated + B PAL Allocated + Processing Deductions + Total Bonus Allocated Verify Non-Cash Commodities amount on ISBE web site: https://www.isbe.net/Pages/School-Nutrition-Programs-Food-Distribution.aspx
Г		* Non-Cash Commodities: Commodities information for non-cash items received through Other Food Services
		Districts should track separately through year; no specific report available from ISBE
		Verify Non-Cash Commodities amount through Other Food Services on ISBE web site: https://www.isbe.net/Pages/School-Nutrition-Programs-Food-Distribution.aspx
		* Department of Defense Fresh Fruits and Vegetables (District should track through year)
		- The two commodity programs should be reported on separate lines on the SEFA.
		Verify Non-Cash Commodities amount through DoD Fresh Fruits and Vegetables on ISBE web site: https://www.isbe.net/Pages/School-Nutrition-Programs-Food-Distribution.aspx
		* Amounts verified for Fresh Fruits and Vegetables cash grant program (ISBE code 4240)
		CFDA number: 10.582
	18.	TOTALS have been calculated for Federal revenue and expenditure amounts (Column totals).
	19.	Obligations and Encumbrances are included where appropriate.
	20.	FINAL STATUS amounts are calculated, where appropriate.
	21.	Medicaid Fee-for-Service funds, E-Rate reimbursements and Build America Bond interest subsidies have not been included on the SEFA.
	22.	<u>All</u> programs tested (not just Type A programs) are indicated by either an * or (M) on the SEFA.
	23.	NOTES TO THE SEFA within the AFR Excel workbook (SEFA NOTES) have been completed. Including, but not limited to:

Maywood-Melrose Park-Broadview School District 89 06-016-0890-02 SINGLE AUDIT INFORMATION CHECKLIST

	24.	Basis of Accounting
	25.	Name of Entity
	26.	Type of Financial Statements
	27.	Subrecipient information (Mark "N/A" if not applicable)
		* ARRA funds are listed separately from "regular" Federal awards
<u>sun</u>	MAF	RY OF AUDITOR'S RESULTS/FINDINGS/CORRECTIVE ACTION PLAN
	28.	Audit opinions expressed in opinion letters match opinions reported in Summary.
	29.	All Summary of Auditor Results questions have been answered.
	30.	All tested programs and amounts are listed.
	31.	Correct testing threshold has been entered. (Title 2 CFR §200.518)
<u>Find</u>	ings l	have been filled out completely and correctly (if none, mark "N/A").
	32.	Financial Statement and/or Federal Award Findings information has been completely filled out for each finding, with finding numbers in correct format.
	33.	Finding completed for each Significant Deficiency and for each Material Weakness noted in opinion letters.
	34.	Separate finding for each Federal program (i.e., don't report same finding for multiple programs on one sheet).
	35.	Separate finding sheet for each finding on programs (e.g., excess interest earned and unallowable expenditures are two findings and should be reported separately, even if both are on same program).
	36.	Questioned Costs have been calculated where there are questioned costs.
	37.	Questioned Costs are separated by project year and by program (and sub-project, if necessary).
	38.	Questioned Costs have been calculated for Interest Earned on Excess Cash on Hand . - Should be based on actual amount of interest earned - Questioned Cost amounts are broken out between programs if multiple programs are listed on the finding
	39.	A CORRECTIVE ACTION PLAN, on the LEA's letterhead has been completed for each finding. - Including Finding number, action plan details, projected date of completion, name and title of contact person

• (M) Program was audited as a major program as defined by §200.518.

*Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

The accompanying notes are an integral part of this schedule.

¹ To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

² When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

³ When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)

⁴ The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

1. FINDING NUMBER: ¹¹ 2019- 001 2. THIS FINDING IS: N	New X Repeat from Prior Year? Year originally reported? 2008
--	---

3. Criteria or specific requirement

Management of the District should be able to prepare the annual financial statements in accordance with generally accepted accounting principles, in order to meet their fiduciary duties.

4. Condition

The District relies on assistance from its external auditors (as a non-audit service) in the preparation of the annual financial statements. The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) and the footnote disclosures is a time consuming activity and requires an individual to remain current with all new reporting pronouncements, issued by the Governmental Accounting Standards Board. The financial statements used internally by the District are not prepared in a manner consistent with the annual audited financial report. We also assisted the District staff in preparing adjustments to various account balances to present the financial position and activities of the District in the annual audited financial statements in accordance with generally accepted accounting principles.

5. Context¹²

Auditing standards require management to have internal controls in place to provide appropriate and reliable financial reports and to select and apply appropriate accounting principles. Many transactions have complex accounting rules and guidance is being produced from various authoritative sources.

6. Effect

If a material weakness exists in the controls over financial reporting, management will not have accurate data to utilize as part of their business decisions process. In addition, inaccurate financial data may be shared with outside users.

7. Cause

Management has elected to have the auditors assist the District with adjustments necessary to be made for GAAP compliant financial statements, rather than devote the time and resources to prepare the financial statements internally.

8. Recommendation

The District should evaluate the cost-benefit of developing the internal capabilities to eliminate this material weakness.

9. Management's response¹³

See corrective action plan.

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.).

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

¹³ See §200.521 *Management decision* for additional guidance on reporting management's response.

Finding No.: 2019- 001

Condition:

The District relies on assistance from its external auditors (as a non-audit service) in the preparation of the annual financial statements. The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) and the footnote disclosures is a time consuming activity and requires an individual to remain current with all new reporting pronouncements, issued by the Governmental Accounting Standards Board. The external auditors also assisted the District staff in preparing adjustments to various account balances to present the financial position and activities of the District in the annual audited financial statements in accordance with generally accepted accounting principles.

Plan:

The District has evaluated the cost benefit of adding additional staff to address the complex financial reporting rules and prepare annual financial statements and related reporting. Based on this evaluation, the District will continue to rely on the auditing firm to provide assistance with preparing the appropriate adjustments and the financial statements. However, the District's designated individuals will review a draft of the financial statements, prepared with information provided by the District, and will also review the GASB 34 conversion entries, and approve the finalization of the entries and financial statements.

ACCOUNTANTS AND CONSULTANTS

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

The Members of the Board of Education Maywood-Melrose Park-Broadview School District 89 Melrose Park, Illinois

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Maywood-Melrose Park-Broadview School District 89 (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 13, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the basic financial statements.

The accompanying Annual Financial Report is presented for purposes of additional analysis and is not a required part of the basic financial statements. As described more fully in Note A, this regulatory-based financial report is issued to comply with regulatory provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than, and differs from, accounting principles generally accepted in the United States of America. It is intended to assure effective legislative and public oversight of school district financing and spending activities of accountable Illinois public school districts. The effects on the Annual Financial Report of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of the United States of America, although not reasonably determinable, are presumed to be material.

The accompanying Basic Financial Statements, Supplementary Schedules, and Notes to Annual Financial Report, as listed in the table of contents of this Annual Financial Report, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated in all material respects in relation to the basic financial statements as a whole.

(Continued)

The financial profile information, estimated financial profile summary, statistical section, report on shared services or outsourcing, administrative cost worksheet, itemization schedule, reference page, deficit reduction calculation, Audit Checklist/Balancing Schedule, Single Audit Information Checklist, and reconciliation of Federal Revenues, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The answers to questions contained in the "Auditor's Questionnaire" and related comments are based solely on the procedures performed and data obtained during our audit of the basic financial statements of the District as of and for the year ended June 30, 2019.

Purpose of this Report

The purpose of this report is solely to comply with the regulatory provisions prescribed by the Illinois State Board of Education as described above and in Note A and not intended to be the District's primary presentation of its financial position and changes in its financial position. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Maywood-Melrose Park-Broadview School District 89 (the District) conform to the regulatory provisions prescribed by the Illinois State Board of Education (regulatory basis), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP), as applicable to Illinois school districts.

The more significant of the District's accounting policies are described below.

1. <u>Reporting Entity</u>

The District is located in Cook County, Illinois. The District is governed by an elected Board of Education. The Board of Education maintains final responsibility for all personnel, budgetary, taxing, and debt matters.

The District includes all funds and account groups of its operations that are controlled by or dependent upon the District, as determined on a basis of financial accountability. Financial accountability includes appointment of the organization's governing body, imposition of will, and fiscal dependency. The accompanying financial statements include only those funds and account groups of the District, as there are no organizations for which it has financial accountability.

Also, the District is not included as a component unit in any other governmental reporting entity, as defined by Governmental Accounting Standards Board (GASB) pronouncements.

2. <u>Measurement Focus</u>, Basis of Accounting, and Basis of Presentation

The accounts of the District are organized on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

Property taxes, corporate personal property replacement taxes, interest, and intergovernmental revenues associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The District reports deferred revenue on its financial statements. Deferred revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the statement of position and revenue is recognized.

Governmental funds are used to account for the District's general governmental activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available". "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers most revenues available if they are collected within 60 days after year-end. Revenues that are paid to the District by the Illinois State Board of Education are considered available if vouchered before year-end.

Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt, which are recognized when due, and certain compensated absences, claims, and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Funds are classified into the following categories: governmental and fiduciary.

Governmental funds are used to account for all or most of the District's general activities, including the collection and disbursement of earmarked monies (special revenue funds) and the servicing of general long-term debt (Debt Service Fund), and the acquisition or construction of major capital facilities (Capital Projects Fund). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Fiduciary Funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the District, and are accounted for under the accrual basis of accounting.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The following funds are the District's funds:

a. General Fund

The Educational Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

b. Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than those accounted for in the Debt Service Fund, Capital Projects Fund, or fiduciary funds) that are legally restricted to expenditures for specified purposes.

Each of the District's special revenue funds has been established as a separate fund in accordance with the fund structure required by the state of Illinois for local educational agencies. These funds account for local property taxes restricted to specific purposes. A brief description of the District's special revenue funds is as follows:

Operations and Maintenance Fund - accounts for all revenues and expenditures made for operations, repair, and maintenance of the District's building and land. Revenues consist primarily of local property taxes.

Transportation Fund - accounts for all revenues and expenditures made for student transportation. Revenues are derived primarily from local property taxes and state reimbursement grants.

Municipal Retirement/Social Security Fund - accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for noncertified employees. Revenues to finance contributions are derived primarily from local property taxes and personal property replacement taxes.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

b. Special Revenue Funds (Continued)

Working Cash Fund - accounts for financial resources held by the District to be used as temporary interfund loans for working capital requirements. Money loaned by the Working Cash Fund to other funds must be repaid upon collection of property taxes in those fund(s) loaned to. As allowed by the School Code of Illinois, this Fund may be permanently abolished and become part of the General (Educational) Fund or it may be partially abated to any fund in need as long as the District maintains a balance in the Working Cash Fund of at least 0.05% of the District's current equalized assessed valuation.

Tort Fund - accounts for all revenues and expenditures related to risk management activities. Revenues consist primarily of local property taxes.

c. Debt Service Fund

Debt Service Fund - accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The primary revenue source is local property taxes levied specifically for debt service and transfers from other funds.

d. Capital Projects Fund

Capital Projects Fund - accounts for financial resources to be used for the acquisition or construction of major capital facilities. Revenues are derived from transfers from other funds.

e. Fiduciary Fund

The *Fiduciary Fund* accounts for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

e. Fiduciary Fund (Continued)

Student Activity Funds (Agency Funds) - include student activity funds and convenience accounts. The funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. Although the Board of Education has the ultimate responsibility for activity funds, they are not local education agency funds. Student Activity Funds account for assets held by the District which are owned, operated, and managed generally by the student body, under the guidance and direction of adults or a staff member, for educational, recreational, or cultural purposes. They account for activities such as student yearbook, student clubs and council, and scholarships. Convenience accounts account for assets that are maintained by a local education agency as a convenience for other District activities. The *Retiree Insurance Fund* accounts for assets that are normally maintained by a third party as a convenience for District management.

3. General Fixed Assets and General Long-Term Debt Account Groups

Account groups are used to establish accounting control and accountability for the District's capital assets and general long-term debt. The accounting and financial reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus.

Capital assets have been acquired for general governmental purposes. At the time of purchase, assets are recorded as expenditures paid in the governmental funds and capitalized at cost in the General Fixed Assets Account Group. Donated capital assets are listed at acquisition value as of the date of acquisition. Depreciation accounting is not applicable, except to determine the per capita tuition charge. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives and the interest incurred during construction are not capitalized.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. The debt recorded in the District's General Long-Term Debt Account Group consists of bond issues and capital leases.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of the results of operations.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Deposits and Investments

The Illinois Compiled Statutes require the District to utilize the custodial services of the Proviso Township School Treasurer. Investments are stated at fair value. Changes in fair value are included in investment income.

5. Property Tax Receivable

The District must file its tax levy resolution by the last Tuesday in December of each year. The tax levy resolution was approved by the Board on December 13, 2018. The District's property tax is levied each year on all taxable real property located in the District and becomes a lien on the property on January 1 of that year. The owner of real property on January 1 (the lien date) in any year are liable for taxes of that year.

Tax rate ceilings are applied at the fund level. These ceilings are established by state law subject to change only by the approval of the voters of the District.

The District's annual property tax levy is subject to Property Tax Extension Limitation Act (PTELA), which is applied in the aggregate to the total levy (excluding certain levies for the repayment of debt). PTELA limits the increase in total taxes billed to the lesser of 5% or the percentage increase in the Consumer Price Index (CPI) for the preceding year. The amount can be exceeded to the extent there is "new growth" in the District's tax base. The new growth consists of new construction, annexations, and tax increment finance district property becoming eligible for taxation.

The Illinois Department of Revenue has the statutory responsibility of ensuring uniformity of real property assessments throughout the state. Each year, the Illinois Department of Revenue furnishes the county clerks with an adjustment factor to equalize the level of assessment between counties at one-third of market value. This factor (the equalization factor) is then applied to the assessed valuation to compute the valuation of property to which the tax rate will be applied (the equalized assessed valuation). The equalization factor for Cook County was 2.9109 for 2018.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Property Tax Receivable (Continued)

The County Clerk adds the equalized assessed valuation of all real property in the county to the valuation of property assessed directly by the state (to which the equalization factor is not applied) to arrive at the base amount (the assessment base) used to calculate the annual tax rates, as described above. The equalized assessed valuation for the extension of the 2018 tax levy was \$501,783,233.

Property taxes are collected by the Cook County Collector/Treasurer, who remits them to the District. Taxes levied in one year become due and payable in two installments on March 1 and August 1 during the following year. The first installment is an estimated bill, and is fifty-five percent of the prior year's tax bill. The second installment bill is based on the current levy, assessment, and equalization, and any changes from the prior

The portion of the 2018 property tax levy not received by June 30 is recorded as a receivable, net of estimated uncollectibles of 3%. The net receivable collected within the current year or due and expected to be collected soon enough thereafter to be used to pay liabilities of the current period, less the taxes collected soon enough after the end of the previous fiscal year are recognized as revenue. Such time, thereafter, does not exceed 60 days. Net taxes receivable less the amount expected to be collected within 60 days is reflected as deferred revenue.

6. Personal Property Replacement Taxes

Personal property replacement tax revenues are first allocated to the Municipal Retirement/Social Security Fund, with the balance allocated at the discretion of the District.

7. Capital Assets

Capital assets used in governmental fund types of the District are recorded in the General Fixed Assets Account Group. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Capital Assets (Continued)

Depreciation of capital assets is provided over the estimated useful lives using the straight-line method and is reflected for informational purposes only. Depreciation of capital assets is not charged to operations of the District. The estimated useful lives are as follows:

<u>Assets</u>	<u>Years</u>
Buildings and building improvements	20 - 50
Land improvements	20
Equipment	5 - 15

Construction in progress is stated at cost and includes engineering, design, material, and labor costs incurred for planned construction. No provision for depreciation is made on construction in progress until the asset is completed and placed in service.

8. <u>Compensated Absences</u>

Non-certified and certified employees who work a twelve-month year are entitled to be compensated for vacation time. Vacation time is accrued throughout the year for all employees. Only certain administrators may carry over up to 15 days to a subsequent year. All other employees will lose accumulated vacation days if not used. At June 30, 2019, accumulated unpaid vacation pay was \$58,491.

Non-certified and certified employees receive a specified number of sick days per year depending on years of service in accordance with the agreement between the Board of Education and the Education Association. Unused sick leave days are accumulated. Upon retirement from the District, certified and non-certified employees receive creditable service time for accumulated sick days for TRS and IMRF, respectively. Employee sick leave is recorded when paid. Due to the nature of the policies on sick leave, no liability has been recorded as of June 30, 2019.

9. Long-Term Obligations

The District reports long-term debt of governmental funds at face value in the General Long-Term Debt Account Group. Certain other governmental fund obligations not expected to be financed with current available financial resources are also reported on the General Long-Term Debt Account Group.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Long-Term Obligations (Continued)

Governmental fund types recognize bond premiums and discounts, losses on refunding bonds, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Prepaid Items

Certain payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in the financial statements. The cost of prepaid items is recorded as expenditures when consumed rather than when purchased.

11. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

12. Pensions and Other Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) liabilities, deferred outflows of resources and deferred inflows of resources related to pension/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plan and additions to/deductions from the pension/OPEB plan's fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are stated at fair value.

NOTE B - LEGAL COMPLIANCE AND ACCOUNTABILITY - BUDGETS

Budgets are adopted on a basis consistent with generally accepted accounting principles, except that the District does not budget for "on-behalf" contributions from the State of Illinois. Annual budgets are adopted by fund for the governmental funds. The annual budget is legally enacted and provides for a legal level of control at the fund level. All annual budgets lapse at fiscal year-end.

The Board of Education follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- b) Public hearings are conducted and the proposed budget is available for inspection to obtain comments.
- c) By September 30, the budget is legally adopted through passage of a resolution. By the last Tuesday in December of each year, a tax levy resolution is filed with the County Clerk to obtain tax revenues.
- d) Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education after the public hearing process mandated by law.
- e) Formal budgetary integration is employed as a management control device during the year for the governmental funds.
- f) The budget amounts shown in the financial statements are as originally was adopted by the Board of Education on September 13, 2018.
- g) The following fund had expenditures in excess of budget as of June 30, 2019:

Fund	 Variance
Debt Service	\$ 216,127
Capital Projects	455,891

NOTE C - DEPOSITS AND INVESTMENTS

The District's investment policy, which is the same as the Treasurer's, is in line with State Statutes. The investments that the District may purchase are limited by Illinois law to the following: (1) securities that are fully guaranteed by the U.S. government as to principal and interest; (2) certain U.S. government agency securities; (3) interest-bearing savings accounts, interest-bearing certificates of deposit or time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act; (4) short-term discount obligations of corporations organized in the United States with assets exceeding \$500,000,000; (5) interest-bearing bonds of any county, township, city, village, incorporated town, municipal corporation or school district; (6) fully collateralized repurchase agreements; (7) the State Treasurer's Illinois and Prime Funds; and (8) money market mutual funds and certain other instruments.

1. <u>Cash and Investments Under the Custody of the Township Treasurer</u>

As explained in Note A-4, the Illinois Compiled Statutes require the District to utilize the investment services of the Proviso Township School Treasurer (the Treasurer). As such, the Treasurer is the lawful custodian of these school funds. The Treasurer is appointed by the Township School Trustees, an independently elected body, to serve the school districts in the township. The investment policies are established by the Treasurer, as prescribed by the Illinois Compiled Statutes. The Treasurer is the direct recipient of property taxes, replacement taxes, and most state and federal aid, and disburses school funds upon lawful order to the School Board. The Treasurer invests excess funds at his discretion, subject to the legal restrictions.

District cash and investments (other than the student activity, imprest account, and employee benefit program trust funds) are part of a common pool for all the school districts and cooperatives within the Township. The Treasurer maintains records that segregate the cash and investment balances by district or cooperative. Income from investments is distributed based upon the District's percentage participation in the pool. Cash for all funds, including cash applicable to the Debt Service Fund and the Municipal Retirement/Social Security Fund, is not deemed available for purposes other than those for which these balances are intended.

The Treasurer's office operates as a nonrated, external investment pool. The fair value of the District's investment in the Treasurer's pool is determined by the District's proportionate share of the fair value of the investments held by the Treasurer's office.

NOTES TO THE ANNUAL FINANCIAL REPORT

June 30, 2019

NOTE C - DEPOSITS AND INVESTMENTS (Continued)

1. Cash and Investments Under the Custody of the Township Treasurer (Continued)

The weighted-average maturity of all pooled marketable investments held by the Treasurer was 0.79 years at June 30, 2019. The Treasurer also holds money market type investments and deposits with financial institutions, including certificates of deposit. As of the same date, the fair value of all investments held by the Treasurer's office was \$354,637,471, and the fair value of the District's proportionate share of the pool was \$44,541,521.

Because cash and investments are pooled by a separate legal governmental agency (the Treasurer), categorization by risk category is not determinable. Further information about whether investments are insured, collateralized, or uncollateralized is available from the Treasurer's financial statements.

2. Cash and Investments in the Custody of the District

Deposits of the student activity, imprest funds, and employee benefit program account, which are held in the District's custody, consist of deposits with financial institutions. At June 30, 2019, the carrying value of the District's student activity, imprest funds, and employee benefit program account was \$3,816,872, all of which was deposited with financial institutions (accounts held in demand and savings accounts). The District also has a cash deposit with a paying agent, held for future payments of bond principal and interest.

Custodial Credit Risk - With respect to deposits, custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured by collateral in the event of default or failure of the financial institution holding the funds. At June 30, 2019, the District had no uninsured cash balances.

2. Capital Leases

The District has entered into a capital lease agreement for security equipment. The lease expires in March 2020 and requires monthly payments of principal and interest approximating \$18,000. The obligation is to be repaid from the Debt Service Fund, with funding provided by transfers from the Educational Fund.

At June 30, 2019, The District's future cash flow requirement for retirement of the lease payable principal and interest are as follows:

Year Ending June 30	_	Principal		Interest	Total		
2020	\$	158,331	\$	3,764	\$	162,095	

The gross amount of capital assets recorded under capital leases for equipment purchased is \$359,256.

NOTE F - OPERATING LEASES

The District leases various copiers and a postage machine through April 2021. Total costs for such leases were approximately \$142,000 for the year ended June 30, 2019. Future minimum rental commitments under these leases are as follows:

Year Ending June 30	Total
2020 2021	\$ 141,905 1,863

NOTE G - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has purchased commercial insurance to cover these risks. The amount of coverage has not decreased nor has the amount of settlements exceeded coverage in any of the past three fiscal years. It is not the policy of the District to purchase a majority of the medical insurance needed to cover its employees. Instead, management believes that it is more economical to manage its risks by funding a self-insurance account and by having an outside agency administer its medical claims. The District does not assume unlimited liability for medical claims. As of June 30, 2019, the District had purchased insurance to cover claims (stop-loss) in excess of \$130,000 per employee.

The District makes payments to the self-insurance account (medical, dental, and pharmacy) based on actuarial estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophe losses. The General Fund reports a liability for insurance claims payable in the amount of \$821,721, which is comprised of an estimate of claims incurred but not yet reported based on a twelve-month moving average. The following is a reconciliation of insurance claims payable.

Balances of claims liabilities during the past two years are as follows:

	-	2019	2018
Unpaid claims, beginning of fiscal year	\$	418,217 \$	599,727
Provision for incurred claims		6,451,887	6,594,829

NOTE H - PENSION LIABILITIES

1. Teachers' Retirement System of the State of Illinois

General Information about the Pension Plan

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a costsharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at www.trsil.org/financial/cafrs/fy2018; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

NOTE H - PENSION LIABILITIES (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

General Information about the Pension Plan (Continued)

Benefits Provided (Continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier I members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier I and II members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

NOTE H - PENSION LIABILITIES (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

General Information about the Pension Plan (Continued)

Contributions (Continued)

On-behalf Contributions to TRS

The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2019, state of Illinois contributions recognized by the District were based on the state's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$11,722,070 in pension contributions from the state of Illinois.

2.2 Formula Contributions

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019, were \$157,819, and are deferred because they were paid after the June 30, 2018 measurement date.

Federal and Special Trust Fund Contributions

When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher. As the District has a sizable amount of employees paid from federal and special trusts this change in allocation methodology due to a change in the Pension law at July 1, 2017, significantly lowered the District's proportionate share of the net pension liability.

For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$1,500,062 were paid from federal and special trust funds that required employer contributions of \$147,756.

Early Retirement Cost Contributions

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3 percent if members are not exempted by current collective bargaining agreements or contracts.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the District paid \$6,290 to TRS for employer contributions due on salary increases in excess of 6 percent, \$0 for salary increases in excess of 3 percent, and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017, and rolled forward to June 30, 2018. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2018, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2018, the District's proportion was 0.0035790620 percent, which was a decrease of 0.0103933137 percent from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized the following pension expenditures and revenue pertaining to the District's employees:

	_	Educational Fund

Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	Varies by amount of service credit
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

In the June 30, 2018 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2017. In the June 30, 2017 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Actuarial Assumptions (Continued)

The long-term (20-year) expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return

Discount Rate

At June 30, 2018, the discount rate used to measure the total pension liability was 7.00 percent, which was the same as the June 30, 2017 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	Current 1% Decrease Discount Rate 1% Increase		
	6.00%	7.00%	8.00%

2. <u>Illinois Municipal Retirement Fund</u>

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, postretirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed with the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the Benefits Provided section below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. That report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

NOTE H - PENSION LIABILITIES (Continued)

2. Illinois Municipal Retirement Fund (Continued)

Benefits Provided (Continued)

Employees hired on or after January 1, 2011, are eligible for Tier II benefits. For Tier II employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2018, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	133
Inactive plan members entitled to but not yet receiving benefits	97
Active plan members	177
Total	407

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2018 was 10.06%. For the fiscal year ended June 30, 2019 the District contributed \$668,875 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability (Asset)

The District's net pension liability (asset) was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2018:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market Value of Assets

Mortality	For non-disabled retirees, the IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projections scale MP- 2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
Long-term Expected Rate of Return	The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. Long-Term

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability (asset). The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- a. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- b. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 3.71% (based on the daily rate closest to but not later than the measurement date of the "20-Year Municipal GO AA index"), and the resulting single discount rate is 7.25%.

General Information about the Other Postemployment Plan

Plan Description

The District participates in the Teacher Health Insurance Security Fund (THIS), a cost-sharing, multipleemployer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

Benefits Provided

The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

Contributions

On behalf contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members which were 1.24 percent of pay during the year ended June 30, 2019. State of Illinois contributions, including a proportional allocation of the State's OPEB expense (based on the portion of the District's share of the expense compared to all School Districts in aggregate), were \$337,407 and the District recognized revenue and expenditures of this amount during the year.

District contributions to the THIS Fund

The District also makes contributions to the THIS Fund. The District THIS Fund contribution was 0.92 percent during the year ended June 30, 2019. For the year ended June 30, 2019, the District paid \$250,334 to the THIS Fund, which was 100 percent of the required contribution. These amounts are deferred because they were paid after the June 30, 2018 measurement date.

Other Postemployment Benefit (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state OPEB support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net OPEB liability	\$ 28,601,389
State's estimated proportionate share of the net OPEB liability associated with	
the District*	 38,405,497

* The State's proportionate share of the net OPEB liability (NOL) associated with the District is not available in the actuarial report and therefore the amount reported above is an estimate based allocating the State's total NOL for the entire plan (per the actuary) based on the District's proportionate share of the NOL to all the school districts participating in the Plan. Additionally, the amounts included below related to sensitivity of the healthcare rate, discount rate and amortization of deferred inflows and outflows are based on a similar allocation methodology.

The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2018, relative to the projected contributions of all participating THIS employers and the state during that period. At June 30, 2018, the District's proportion was 0.108561 percent, which was a decrease of 0.001903 percent from its proportion measured as of June 30, 2017.

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal, used to measure the Total OPEB Liability
Contribution Policy	Benefits are financed on a pay-as-you basis. Contribution rates are defined by statute. For fiscal year end June 30, 2018, contribution rates are 1.18% of pay for active members, 0.88% of pay for school districts, and 1.18% of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but not paid plan costs.

Healthcare Trend Rate	Actual trend used for fiscal year 2018. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare cost and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.36% is added to non-Medicare cost on and after 2022 to account for the Excise Tax.
Aging Factors	Based on the 2013 SOA Study "Health Care Costs-From Birth to Death"
Expenses	Health administrative expenses are included in the development of the per capita claims costs. Operating expenses are included as a component of the Annual OPEB Expense.

Discount Rate

The State, the District and active members contribute 1.18 percent, 0.88 percent, 1.18 percent of pay, respectively for fiscal year 2018. Retirees contribute a percentage of the premium rate. The State also contributes an additional amount to cover plan costs in excess of contributions and investment income. Because plan benefits are financed on a pay-as-you-go basis, the single discount rate is based on a tax-exempt municipal bond rate index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. A single discount rate of 3.56 percent at June 30, 2017, and 3.62 percent at June 30, 2018, was used to measure the total OPEB liability. The increase in the single discount rate, from 3.56 percent to 3.62 percent, caused the total OPEB liability for the entire plan to decrease by approximately \$285 million as of June 30, 2018.

Investment Return

During plan year end June 30, 2018, the trust earned \$743,000 in interest, and due to benefit payables, the market value of assets at June 30, 2018, is a negative \$9.23 million. Given the benefit payable, negative asset value and pay-as-you-go funding policy, the investment return assumption was set to zero.

Money-Weighted Rate of Return

The annual money-weighted rate of return was estimated based on monthly investment performance, net of investment expenses, adjusted for changing amounts actually invested. The annual money-weighted rate of return was 1.301% for plan year end June 30, 2018, and 0.678% for plan year end June 30, 2017.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.62 percent, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.62 percent) or 1-percentage-point higher (4.62 percent) than the current rate:

Plan Description

The District administers a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The benefits, benefit levels, employee contributions and employer contributions are governed by the District and may be amended by the District through its employment contracts. The plan does not issue a separate financial report.

NOTE I - OTHER POSTEMPLOYMENT BENEFITS (Continued)

2. Retiree Health Plan (RHP)

Benefits Provided

The plan provides the ability for retirees and their spouses to access the District's group health insurance plan during retirement, provided they are on the group health insurance plan at the time of retirement. Retirees are responsible to contribute the entire premium toward the cost of their insurance. Dependents may also continue on a "pay-all" basis. Coverage may continue for as long as required contributions are paid.

Employees Covered by Benefit Terms

As of June 30, 2018 (most recent information available) the following employees were covered by the benefit terms:

Active employees	96
Inactive employees entitled to but not yet receiving benefits	-
Inactive employees currently receiving benefits	1
Total	97

Contributions

Retirees under the age of 65 contribute the full active employee equivalent rate. IMRF employees may continue coverage into retirement on the District plan if they pay the entire premium. Dependents may also continue coverage on a pay-all basis. Premiums for the plan are set by the Board of Education. Currently, the District does not contribute to postemployment benefits.

Total OPEB Liability

The total OPEB liability was determined by an actuarial valuation performed as of July 1, 2017 using the following actuarial methods and assumptions:

Actuarial valuation date	July 1, 2017
Measurement date	June 29, 2018
Actuarial cost method	Entry Age Normal
Actuarial assumptions:	
Inflation rate	3.00%
Discount rate	2.79%
Salary rate increase	4.00%
Healthcare inflation rate	0.01% initial
	5.00% ultimate
Mortality rates	IMRF employees and retirees: Rates from the December 31, 2017 IMRF Actuarial Valuation Report.
Election at retirement	15% of active employees will elect coverage continuation of the District medical plan at retirement.
Marital status	50% of employees electing coverage are assumed to be married and to elect spousal coverage, with males three years older than females. Actual spouse data was used for current retirees.
Change in assumptions	The discount rate was changed from 2.98% as used in fiscal year 2018, to 2.79%, which is the S&P Municipal Bond 20 year High Grade Rate Index as of June 30, 2019.

2. Retiree Health Plan (RHP) (Continued)

Discount Rate

The District does not have a dedicated Trust to pay retiree healthcare benefits. Per GASB 75, the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale). A rate of 2.79% is used, which is the S&P Municipal Bond 20-Year High-Grade Rate Index as of June 30, 2019.

Changes in the Total OPEB Liability

NOTE J - FUND BALANCE

In the fund financial statements, governmental funds report five components of fund balance: nonspendable, restricted, committed, assigned, and unassigned. The Regulatory Model, followed by the District, only reports reserved and unreserved fund balances. Below are definitions of the different components, and a reconciliation of how these balances are reported:

- 1. <u>Generally Accepted Accounting Principles</u>
 - a. *Nonspendable* includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The nonspendable in form criteria includes items that are not expected to be converted to cash, such as prepaid items or inventories.
 - b. *Restricted* refers to amounts that are subject to outside restrictions such as creditors, grantors, contributors, or laws and regulations of other governments, or are imposed by law through enabling legislation. Special revenue, debt service, and capital project funds are by definition restricted for those specified purposes. All restricted fund balances are for the purpose of the restricted fund as described in Note A-2.
 - c. *Committed* refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision-making authority (the Board of Education). The Board of Education commits fund balances by passing a resolution. Amounts committed cannot be used for any purpose unless the District removes or changes the specific use by taking the same type of formal action it employed to previously commit those funds. The District had no committed fund balances at June 30, 2019.
 - d. *Assigned* refers to amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by the Board of Education or the individual to which the Board of Education delegates the authority to assign amounts to be used for specific purposes. The Board of Education has not delegated this authority as of June 30, 2019. The District had no assigned fund balances at June 30, 2019.
 - e. *Unassigned* refers to all spendable amounts not contained in the other four classifications described above. In funds other than the General Fund, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and, finally, they act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

2. Regulatory Model

- a. Reserved Fund Balances are those balances that are reserved for a specific purpose, other than the regular purpose of any given fund.
- b. Unreserved Fund Balances are those balances that are not reserved for a specific purpose, other than the regular purpose of any given fund.

3. Reconciliation of Fund Balance Reporting

NOTE K - INTERFUND TRANSFERS

The District transferred \$321,075 to the Debt Service Fund from the Operations and Maintenance Fund. The amount transferred is to provide funds to the Debt Service Fund to be used for debt service payments.

The District transferred \$216,125 to the Debt Service Fund from the Educational Fund. The amount transferred was used for principal and interest payments on capital leases.

The District transferred \$522,844 to the Capital Projects Fund from the Operations and Maintenance Fund. The amount transferred was to pay for certain capital projects.

NOTE L - COMMITMENTS

As of June 30, 2019, the District has committed to approximately \$551,000 in capital projects.

NOTE M - CONTINGENCIES

1. Litigation

The District is subject to legal actions in the normal course of operations. Although litigation is subject to many uncertainties and the ultimate exposure with respect to these matters cannot be ascertained, management believes that the legal actions against the District will not have a material adverse impact on the financial position or operations of the District.

2. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

NOTE N - SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 13, 2020, the date that these financial statements were available to be issued. Management has determined that no events or transactions have occurred subsequent to the balance sheet/statement of net position date that require additional disclosure in the financial statements, other than disclosed below.

NOTES TO THE ANNUAL FINANCIAL REPORT

NOTE N - SUBSEQUENT EVENTS (Continued)

In December 2019, the Board of Education approved a resolution authorizing the issuance of debt certificates, not to exceed \$6,400,000 for the purpose of altering, repairing, and equipping school buildings of the District and constructing site improvements, including geothermal upgrades to District facilities.
