“Sealed Proposal – NSLP Fresh Fruit and Vegetable Program”

Introduction

Maywood-Melrose Park-Broadview School District 89 is the recipient of a Fresh Fruit and Vegetable Grant and is requesting proposals from growers and processors to supply fresh fruits and vegetables for the 2022-2023 school year.

The Fresh Fruit and Vegetable Program (FFVP) provides all children in participating schools with a variety of free fresh fruits and vegetables. It is an effective and creative way of introducing fresh fruits and vegetables as healthy snack options.

The Goal of the FFVP is to create healthier school environments by providing healthier food choices.

- Expand the variety of fruits and vegetables children experience
- Increase children's fruit and vegetable consumption
- Make a difference in children's diets to impact their present and future health

This program is seen as an important catalyst for change in efforts to combat childhood obesity by helping children learn more healthful eating habits. The FFVP introduces school children to a variety of products that they otherwise might not have the opportunity to sample.
