URBAN FARM CAMP
Connecting Kids to Agriculture
NO COST TO ATTEND!

Where does our food come from? The grocery store? A restaurant? Well, yes, but where did it come from BEFORE both of them? Everything we eat started on a farm. All across the country, farmers grow the things we eat. Like pizza? The crust... wheat. The sauce... tomatoes. The cheese... it started with a dairy cow.

Spend three action-packed days learning about the food and fiber system. Group activities, hands-on learning experiences, and the opportunity to meet real life farm animals. Farm Camp has it all!
